

NEOPAPER2.3

COUNT

Nm 1/2.3

COMPOSITION

- CUPRO 100%

TYPE OF YARN

- Tape

COLOR STOCKS

- Available in 40 colors

YARDAGE

- 230m/100g

Note: - Supplied on cones; ball winding available upon request.

DESCRIPTION

A tape yarn made from cupro, a regenerated cellulose fiber derived from cotton linter. Exceptionally lightweight, it offers a refined sheen distinct from paper yarn. Biodegradable at the end of its life, it returns to the soil, making it an environmentally friendly choice.
