

SPUGNA MOLE (WO)

COUNT

Nm 1/1.9

COMPOSITION

- WOOL 50%
- ORGANIC COTTON 50%

TYPE OF YARN

- straight

COLOR STOCKS

- Available in 40 colors

YARDAGE

- 190m/100g

Note: - Supplied on cones; ball winding available upon request.

DESCRIPTION

This is a 100% wool chenille yarn made from rare non-mulesed French merino, raised in the Arles region of southern France at altitudes of 1,500–3,000 meters in a natural environment. The high-altitude conditions give the French Merino excellent crimp and bulk, resulting in a lofty and lightweight fiber. The mole structure creates a unique appearance that is different from traditional fur-like animal fiber yarns.
