- Custom colors available upon request

DESCRIPTION

NEPORA is a high-gauge yarn that combines cotton nep, with its natural and organic look, and semi-dull polyamide, which adds firmness and structure. The expressive cotton nep creates a unique appearance that sets it apart from ordinary sheer yarns, bringing originality even to basic designs.

With a high-twist finish, the yarn offers a cool, refreshing touch by reducing fuzz and improving skin separation. The natural feel of cotton nep and the moderate resilience of polyamide are well balanced, resulting in fabrics that are both lightweight and full of character.

Thanks to this balance, it is not only ideal for spring and summer basics but also highly versatile, supporting a wide range of design expressions.
