- 16G-1P
- 18G-1P

**TYPE OF YARN**

- STRAIGHT

**COLOR STOCKS**

- ALL COLOR STOCK SERVICE
- OWN COLOR MINIMUM:3KG

**DESCRIPTION**

PATIO has an extra fine yarn count with the rare combination of alpaca and polyester.

The high polyester rating enables a pleat and crease finish.

Patio creates a resilient textile, in addition to having a thinness not often expressed with alpaca fiber.

A print finish also makes available a wide range of expressiveness.

※Please note that the original color of the alpaca fiber cannot be completely removed due to characteristics of the material.
