- 16G-1P
- 18G-1P

TYPE OF YARN

- STRAIGHT

COLOR STOCKS

- ALL COLOR STOCK SERVICE
- OWN COLOR MINIMUM:3KG

DESCRIPTION

This yarn has two components, the core and the casing. The core is 100% cotton, the casing is a 50/50 blend of silk and cotton. Despite the 30% component of silk, the surface will have a silk-rich shine. With the cotton core, the yarn would have firmness, a contrast from the relaxed quality of silk materials.

This yarn uses 100% organic cotton.

The silk is washable-silk. Therefore after washing, the fading and shrinkage has been reduced.

WASHING INSTRUCTION
